LOS ANGELES TIMES

VOL. XXXVIII OCTOBER 28, 1919.

UNITED STATES CONGRESS BACKS UP WILSON'S STRIKE STAND.

Japan's Siberian Policy is a Brazen Affront to America.

OSTILITY FLAUNTED. CANTU FOR DRY WIN; VETO FAILS.

Write Cossacks to Carranza to Act in House Refuses View of President.

Authority of Officers Belief is that First Chief will Seek to Shift the Responsibility.

to Humiliate Their Political Capital to be Made Out of Slaying of the and Flagrantly. Lost Aviators.

CALEXICO, Oct. 27.—International complications between the United States and Mexico, which may arise over the murder of Lieut. Waterhouse and Connolly, which occurred on soil under the jurisdiction of Gov. Cantu of the northern district of Lower California, are being watched with great earnestness by Gov. Cantu and his staff.

This afternoon the Governor, although declining to be interviewed, let it be known that every effort would be made to run down and bring to justice the slayers of the two Americans. Whether the trial of the alleged murderers will be held in Ensenada or in Mexicali has not been decided.

Friends of the Governor fear that the already-strained relations existing between him and Mexico City will be brought to a head.

A formal demand on Mexico City by the United States government would immediately be transmitted to Gov. Cantu and it would place the matter squarely up to him.

The traditional policy of Mexico and the Mexican government to promise profusely that the recentists will be immediately apprehended and brought to justice, and then with equal politeness fail to secure results, will be brought to a test in this case. That the present case is so serious that Gov. Cantu will be compelled to actually bend every effort to apprehend the slayers of the aviators seems to be the general feeling.

Outwardly, the Mexico City government will promise to do all in its power to secure justice. Behind the scenes, the death of the aviators will be a source of great concern.

(Continued on Second Page.)

GENERAL TODAY OF LIEUT. CONNOLLY.

At 2 o'clock tomorrow. Full military honors will be accorded.

Reports from all parts of Mexico indicate Carranza's regime is tottering.

WASHINGTON. The release of Connolly Agent, who was held in Mexico, was effected by payment of the ransom by friends of the abducted aviator.

Official announcement soon to be made that President Woodrow Wilson considers third term.

The House of Representatives passed the prohibition enforcement bill within three hours after receiving the President's veto.

Senator Johnson's amendment to the peace treaty, aiming at an alleged delegation of league voting powers, is defeated by the Senate.

Delicate situation in Washington to open three international labor conferences.

Final legislative action is taken by Congress on bill to exclude alien workers from the Pan-American conference.

General Eastern. The steel strikers, who held army responsible for loss of life.

A campaign for the hastening of the return of railroad workers to work, held army responsible for loss of life.

The trial of men indicted in an alleged gigantic scheme to defraud the United States in the Pan-American conference, is started in Chicago.

Taft calls Rooseveltism the best antidote for radicalism that now exists in the country.

FOREIGN. A British official statement announces that the reds have recaptured Krasnoyarsk and Pavlovsk.

Japan's policy in Siberia is a brazen affront to America and attacks on United States soldiers are reminiscent of the American aviators.

JOHNSON IS DEFEATED.

Amendment is Lost by 40-38 Vote.

Senate Rejects Effort to Change British Vote in League of Nations.

Californian, at Political Waterloo, Says He will Try Again.

WASHINGTON, Oct. 27.—The Johnson amendment to the peace treaty, proposing in effect that the voting power of the United States in the League of Nations be increased to equal that of Great Britain and her dominions, was rejected today by the Senate.

The vote was thirty-eight for the amendment and forty against it.

On the roll call, the Democrats joined the Republicans in supporting the amendment and nine Republicans voted with the Democrats.

After the result had been announced, Senator Smith, Georgia, addressed the Senate.

He said that the amendment was a mistake and that the Senate should not have passed it.

TRAINMEN VOTE FOR A WALKOUT.

Secret Ballot Taken in Chicago—National Pay Now Being Taken.

CHICAGO, Oct. 27.—Fourteen lodges of the Brotherhood of Railroad Trainmen, representing 12,000 men in the Chicago switching district, voted at a secret meeting Sunday to strike Thursday unless their wage demands are met in full.

A vote on the proposition to go on strike was taken in the other lodges of the 180,000 trainmen throughout the country.

In local brotherhood circles last night it was stated that at least three of the four local lodge chairmen are in San Francisco on business, and that nothing is contemplated in the way of a strike vote for the immediate future here.

None of the Coast chairmen are here, nor are any international officers of the B. of T. so far as known. Railroad officials say they have had no advice to the effect that a strike vote is being taken by western railroad men. They say they do not take much stock in the Chicago reports.

URGES GOVERNORS TO HASTEN SUFFRAGE.

STEPHENS TELEGRAPHICALLY ASKING THEM TO FOLLOW CALIFORNIA EXAMPLE.

SACRAMENTO, Oct. 27.—Gov. Stephens sent telegrams tonight to Governors of Nevada, Idaho, Utah, Arizona, New Mexico, Colorado, and California, asking them to follow the example of California in hastening the adoption of the Federal woman suffrage amendment.

"I am very hopeful that a number of the Governors will call extra sessions to ratify the national woman suffrage amendment," Gov. Stephens said.

Telegrams were sent to Governors of these States: Connecticut, Delaware, Indiana, Kentucky, Maine, Maryland, Massachusetts, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New York, North Carolina, North Dakota, Oklahoma, Rhode Island, South Dakota, Tennessee, Vermont, and West Virginia.

"California, Colorado and Nevada have determined to have special sessions of their Legislatures in November to ratify the national woman suffrage amendment. Other Western States may also call. Will you not join with us to hasten the day that will give our nation the benefit of the vote of its women citizens?" Gov. Stephens said.

Universal Approval of Attitude.

Leaders Realize that the Time has Now Arrived for a Showdown.

FIREMEN'S HEAD CONTINUES TO MAKE OPEN THREATS OF UNION VENGEANCE.

BY ROBERT B. ARMSTRONG. (EXCLUSIVE DISPATCH.)

WASHINGTON, Oct. 27.—Practically every Senator and Congressman in Washington today when interviewed expressed unlimited satisfaction with the statement of President Wilson on the coal strike and most of them individually pledged the limit of support in any measures the government might deem necessary to meet the situation.

There was no attempt to keep to party lines, but a general disposition that the time had arrived for a showdown and to determine whether one hundred million people ruled or whether 2 or 3 per cent of the population could terrorize the country with strike threats first in one industry and then another.

During the day it became more and more apparent that the government will have to fight the railroad unions as well as the miners and the radicals in all organized labor bodies. When the head of the locomotive firemen, made open threats of violence against the government, it was a signal for revolution and he apparently has the backing of a large element of his organization behind him.

Further action of the administration depends upon the attitude of the Miners' Union in rescinding its strike order and meeting the demands of the government.

The White House coal-strike statement meets with unqualified approval of representative leaders of both parties.

"No other statement ever came out of the White House," said Senator Thomas of Colorado. "And I should think that every right-thinking citizen can get all the inspiration he can out of it."

Senator Watson, one of the Republican members of the Committee on Interstate Commerce said:

"I approve every word in the President's statement and I believe that the nation will act as speedily indicated in that document."

"All I can say is that the statement meets my approval in every respect," said Senator Sterling, Republican of South Dakota.

"I wish to say," said Senator New of Indiana, "that the President rose to a great occasion in a great statement."

"Personally, I think the miners of America are badly led and that the mass of them do not approve the course of their leadership. If that is the case, there is no leadership which will be repudiated by the rank and file."

(Continued on Fourth Page.)

COAL STRIKE MAY BE CALLED OFF.

SPRINGFIELD (Ill.) Oct. 27.—Confronted by the demand of President Wilson that the strike call which would stop production of soft coal in the United States be rescinded, John L. Lewis, acting president of the United Mine Workers of America, tonight by telegraph invited twenty-five district presidents of coal-producing States and members of the miners' scale committee to meet with the international executive board at 10 a.m. Wednesday to confront the strike leaders.

Thirty-two members constitute the full scale committee of the central competitive field, which comprises the States of Indiana, Ohio, Illinois and Western Pennsylvania.

Admiral Counts to Washington Post.

BREMONTON, Oct. 27.—Admiral Robert E. Counts, recently named chief of operations of the United States Navy, left the Puget Sound navy yard here today for Washington, to take up his new work.

Admiral Counts yesterday hailed down his flag from the dreadnaught Wyoming, which had served as the flagship of the division of the Pacific Fleet, which he commanded.

WASHINGTON FACES SHORTAGE OF COAL.

SEATTLE, Oct. 27.—Not more than enough coal is in storage in Washington to operate most industries more than a week, should the proposed strike of bituminous coal miners take place, it was learned today.

The association of the Washington State Fuel Merchants' Association, wrote Gov. Hart and Mayor C. P. Fitzgerald today.

The association pleaded its co-operation in stopping, and asserted it was possible to stop the strike by offering a wage increase.

TO FUMIGATE I.W.W. TAIN.

Arizona State Federation is
Disgusted with Reds.

President and Officers are
Excoriated on Floor.

Former Gov. Hunt in Address
Attacks "Venal Press."

(EXCLUSIVE DISPATCH.)

PHOENIX (Ariz.) Oct. 27.—By a vote of 18 to 11, the Arizona State Federation of Labor delegates have expressed determination to rid their organization of its I.W.W. taint. This move came in a startling resolution, presented by W. J. Barry of Tucson, the paper bearing twenty-nine signatures of delegates, repudiating and condemning the administration of President T. J. Croff and Secretary George D. Smith, and demanding their immediate resignation.

Failure of proper office administration was alleged. It was charged that the Arizona Labor Journal has been used to spread I.W.W. propaganda, and thus destroy the union. That the state federation headquarters had served as "a comfort station" for I.W.W. organizers and members, to the discredit of the American Federation of Labor, and characterizing the I.W.W. as a "disloyal and revolutionary organization." There was an added pledge of unqualified allegiance to the American federation and to the national government, as the basis of order and responsibility.

CROFF IS DEFIANT.

Croff denied every statement as a damnable lie, defied the convention majority and asserted that, as duly elected president, he proposed to sit in office till the New Year. He called his opponents "servants of men who pay you salary" and inferentially defended the I.W.W. as an organization that stands for the people. The resolutions he termed "a low-down dirty trick of a few low-down politicians." The majority on the floor was led by former Federation Secretary F. A. French, who was prison secretary under former Gov. Hunt. He read each charge and defied specific denial from the president. His rant of the I.W.W. was interrupted occasionally by a delegate who proclaimed himself a member of the smaller order.

There was much more talk, that brought the session to the adjournment hour without a vote on the main question, the test vote having been taken on an effort of the president to sidetrack the resolutions, to a standing committee.

ASSAULT A. P. OF L.

In his opening address Croff held the groundwork for the attack. He said, "The American Federation of Labor has nothing better than capitalism to offer. Like a red-headed stepchild, it drifts aimlessly, guided by the trembling hand of a feeble old man whose usefulness has gone long since. Let us frankly admit that revolution is oftentimes a necessary step in the successful climax of evolution."

He made general attack on the Gompers administration, instancing its "vacillating policies in the money case," and referred to "its junking loose joy-ride to Washington" against prohibition. Judges, he declared, like spiders, work with their eyes backward, not discerning the coming storm of human wrath. The release of war prisoners was demanded. Admission was given that the mining sections of the state federation had become disorganized since the war. At the introductory session former Gov. George W. P. Hunt was made a Federal delegate after he had addressed the convention, warmly attacking capitalism and the "venal press."

BEGIN TRIAL OF BIG FRAUD CASE.

Pan-Motor Company Head is
Charged as Swindler.

Attempt to Interfere with
Witnesses Alleged.

New Mexican Citizens Tell of
Dupe Claims.

(BY A. P. MONT WIRE.)

CHICAGO, Oct. 27.—Alexander Shipley, president of the Clovis National Bank at Clovis, N. M., recited the details of a three-year fight against S. C. Pandolfo, head of the Pan-Motor Company, when called as a government witness today in the trial of officials of the corporation who are charged with using the mails to defraud.

He said the feud began in Clovis when he and Pandolfo engaged in a public debate on the merits of the Pan-Motor Company as a business enterprise, in the course of which the banker denounced the plan of Pandolfo to enter the automobile-manufacturing field, as a stock-selling fraud and advised residents of the town not to invest in the shares. This was July 11, 1914, and the fight has been continued since without interruption.

BOYHOOD RECORD.

"When I was a boy 18 years old I was in the cattle business in Texas with my father and brother," said the witness, "and my brother was indicted for stealing a yearling on complaint of a neighbor. It was all due to a misunderstanding and the indictment was dismissed without a trial. The man who caused my indictment is one of the best friends I have."

Earlier in the session, Mrs. Sarah E. Clark of Belen, N. M., testified that Pandolfo, a salesman, an employee of the Pan-Motor Company, visited her at her home after she had been subpoenaed as a government witness and gave her \$100 to pay her expenses to St. Cloud, Minn., to inspect the company's plant.

Mrs. Clark returned the money and declined to make the trip. When Judge Landis demanded an explanation of the alleged attempt to interfere with a government witness, counsel for the defendants informed the court Mr. Pandolfo had sent Miss Coleman to the West to interview stockholders who might be called as witnesses and had provided her with \$100 for expenses.

Judge Landis based a subpoena for Miss Coleman and allowed the subject to rest temporarily.

George B. Jones testified that in 1916 while he was cashier of a bank at Melrose, N. M., Pandolfo gave him three shares of stock in the Pan-Motor Company for signing a letter stating he considered the automobile-manufacturing business a profitable industry.

SCHOOL-TEACHER WITNESS.

Gertrude Beam, a Littleton (Colo.) school-teacher, today ended her testimony. On cross-examination she identified for the defense several communications which she had turned over to postal inspectors, in which the government failed to introduce as evidence.

One document was a report of an investigation made by a committee of Colorado shareholders of Pan-Motor stock. The committee visited St. Cloud, Minn., and published a report which the government suppressed several of these circulars.

Other exhibits showed that under his agreement with the company, S. C. Pandolfo, fiscal agent, was to pay all expenses of selling stock, promotion, advertising and the cost of perfecting the Pan-automobile, of which his commission of \$5 on each \$10 share sold.

ARIZONANS HAVE KICK
ON VISIT OF ROYALTY.

SHMARE PASADENA'S BITTERNESS
OVER ALLEGED ARBITRARY RULINGS.

(EXCLUSIVE DISPATCH.)

FLAGSTAFF (Ariz.) Oct. 28.—The passing of the King and Queen of the Belgians has left a touch of bitterness in Northern Arizona. The monarchs themselves were charming and sought to be agreeable in every way. But they were traveling on schedule and there seems to have been disagreement as to who was handling the schedule. It develops that telegrams with about 800 names have gone to Senators Smith and Ashurst of Arizona at Washington, demanding the official head of the superintendent of the Grand Canyon Park, generally referred to as "Kaiser Peters." It is charged locally that Peters considered himself the host of the day and in that capacity managed to arouse the ire of most of the canyon visitors.

A large delegation went over to the canyon from Flagstaff the day before the royal party came, taking as gifts a superb Navajo blanket for the King and an Indian bracelet for the Queen. On the morning the special train arrived these hospitable Arizonans found themselves roped off from the depot platform and forbidden to approach royalty. Yet a substantial committee from the rival town of Williams, arrived on a special car attached to the royal train and apparently had been left free to approach the monarchs. The Flagstaff people did not have an opportunity of formal presentation of their gifts. This presentation had to be made, almost impromptu, by Gov. Campbell about the time the special train was departing.

The manager of the royal train very quickly took issue with arrangements made by the park superintendent and changed many of them in rather peremptory fashion, somewhat to the chagrin of Arizonans who were permitted to gaze only at a distance upon the distinguished visitors. Throughout the day introduction to the royal visitors was made difficult, this to assure against danger, and so very few were presented, though many had come.

CARRANZA AFTER CANTU'S POWERS

Revocation of Ban on All Asiatics Brings Breach.

Lower California Governor Object of Attack.

Decree Issued to Protect His People Repudiated.

[EXCLUSIVE DISPATCH.]
EL CENTRO, Oct. 27.—Carranza has called Gov. Cantu's hand. The President of the republic of Mexico has announced to the Governor of Lower California that the public laws are in effect in every State in Mexico and that no Governor can make a proclamation contrary to the law of the land. It is the first open break between Carranza and Cantu and is regarded along the border as an indication that Cantu's power and popularity in his State and his friendliness with the American government has aroused the First Chief's jealousy.

ASIATIC PROBLEM.
The occasion is the revocation of Gov. Cantu's proclamation barring all Asiatics from Lower California. Several weeks ago, the Governor, acting to preserve order in his State and with the primary purpose of protecting the large number of small land-owners of the State, barred Asiatics. According to the Mexico City advices received at Mexico, an emphatic protest was made to the Carranza government by China. It is claimed that the Chinese Minister in Mexico City has demanded that the Mexican government live up to its constitution. Letters received here by high officials of the Mexican government from President Carranza contain the information regarding the protest of the Chinese government.

IN SELF-DEFENSE.
Gov. Cantu, in issuing his proclamation barring Asiatics from Lower California, was prevailed on to do so by the rapidly increasing Chinese population which so incensed the native Mexicans that action was demanded. At the time it was known that the proclamation was in direct violation of the Mexican constitution, but Gov. Cantu, in doing so, followed the precedent of the Governor of Sonora.

The Mexican national constitution provides the peoples of all nationalities and all races freedom to enter Mexico unrestricted by racial discriminatory laws. Three hundred and fifty Chinese in bond at San Francisco, awaiting settlement of the Asiatic question, are understood to have hurried the protest to the Chinese government.

What action Gov. Cantu will take is problematical but it is thought he will be forced to how to the dictates of Mexico City.

HOLD SERVICE IN COMMUNITY CHURCH.

[LOCAL CORRESPONDENCE.]
ELYTHIE, Oct. 27.—This city has solved the church problem, by the establishment of a community church in which all denominations take part. A new building, modern in every respect, has been completed and is already paid for. Though the formal dedication of the building to the service of the community will not take place till November 8, it was used Sunday when Rev. Gabrielson preached to a large audience, on "An Ancient Confession and the Modern Conception of Jesus." Representatives of seven different denominations were present. So large is the number of those who have signified their intention of supporting the new organization, that Mr. Gabrielson is to have an assistant.

Actress Tells Secret

Tell How to Darken Gray Hair With a Home-Made Mixture.

Jolcey Williams, the well-known actress, who was recently playing at the Imperial Theater in St. Louis, made the following statement about gray hair and how to darken it: "Anyone can prepare a simple mixture at home that will darken gray, streaked or faded hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, small box of Barbo Compound, and 1-4 ounce of glycerine. "These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and does not rub off." (Advertisement.)

SENSATION IN TRIAL OF BANKER WILLIAMS.

DEFENSE SEEKS TO SHOW HIS PERSONAL ACCOUNT USED TO COVER DEFICITS.

[EXCLUSIVE DISPATCH.]
SAN DIEGO, Oct. 27.—The defense in the case of Charles L. Williams, charged with embezzling funds of the American National Bank, created a sensation today when it sought to show that Williams' personal account had been used to cover bank losses.

The principal witness was H. J. Ingraham, former general bookkeeper of the American National Bank, put on the stand by the defense. In reply to a question, Mr. Ingraham stated that L. J. Rice, former cashier, had drawn a check on Williams' personal account for money with which to make up the difference between the bank's expenses and earnings during the half-year period. The amount drawn was approximately between \$200 and \$300, the witness said, while maintaining that his memory of the amount might be at fault.

United States Attorney Palmer used the testimony to introduce evidence purporting to show that at that time, when the bank was using Williams' money to meet a deficit, it was declaring dividends. Search of records revealed that in spite of the bank's losses, dividends were declared in December, 1918, but that \$5700 of this dividend was returned to the bank funds by the stockholders. A deposit slip showed this return was credited to Williams' personal account.

EX-SOLDIERS OPPOSE MILITARY TRAINING.

AMERICAN LEGION POST NOT IN FAVOR OF PROPOSED SYSTEM.

[LOCAL CORRESPONDENCE.]
HEMET, Oct. 27.—The Hemet Post of the American Legion, in defiance of the recent declaration of the State camp of the organization in favor of compulsory military training, has come out boldly against it. At a meeting of the Hemet ex-soldiers held this week, the following resolution was adopted: "Whereas the resolution committee of the State convention of the American Legion has approved a resolution endorsing six months compulsory military service for all young men, and "Whereas this is in direct and manifest defiance of the sentiment of the members of the American Legion and without due authority, now therefore be it resolved that we emphatically condemn the action of this committee and be it further resolved that we go on record as opposed to all compulsory military service and that copies of this resolution be given to the representatives in Congress and to the State and national organizations of the American Legion."

EVERYBODY RIDES.

Every Third Family in Pomona Owns a Motor Car.

[LOCAL CORRESPONDENCE.]
POMONA, Oct. 27.—Approximately three-quarters of a million dollars is the value of the automobiles, including the pleasure cars, trucks and delivery cars in Pomona. It is estimated at the office of City Assessor Joseph Mullen that there are 1200 motor vehicles in Pomona and the average price per machine is approximately \$600. It is estimated that in the United States there is one automobile for every fifteen persons, counting man, woman and child. In Pomona there is one motor vehicle to every fourteen persons or a machine to every third home in this city. This is unusually large and speaks well for the prosperity and the stability in the city. Each year shows a steady gain in the number of machines driven here and from the manner in which orders for new cars are being placed it is predicted that the present year will show a greater growth than ever before in the number of machines owned in this city. Room now at Hotel del Coronado. (Advertisement.)

NEW SCHOOL AT ANAHEIM.

[LOCAL CORRESPONDENCE.]
ANAHEIM, Oct. 27.—Work on the new grammar school will be started this week, the contract having been let by the trustees to A. L. Griebling of Los Angeles. The contract calls for the erection of a ten-room building, on the present Central School site and a four-room building on the site purchased last week adjoining the Fremont school. Work is to be completed in eight months. A. L. Griebling who was the successful bidder, was approximately \$7000 lower than the nearest competitor with his proposition to erect the building for \$105,484.

Argentine Steamer Burns. (BY CABLE AND ASSOCIATED PRESS.)

STRENGTH OF REGULAR ARMY NEARS NORMAL.

PERSONNEL IS BUT 10 PER CENT BELOW AUTHORIZATION FOR YEAR.

[BY A. P. NIGHT WIRE.]
WASHINGTON, Oct. 27.—The Regular Army is 10 per cent below the number authorized for the fiscal year, the War Department announced today. Reports to the Adjutant-General as of October 21 placed the total at 274,787 officers and men. National Guard units are to be equipped with Browning automatic rifles, the War Department announced today, the reserve supply of these weapons having reached a point to permit this step.

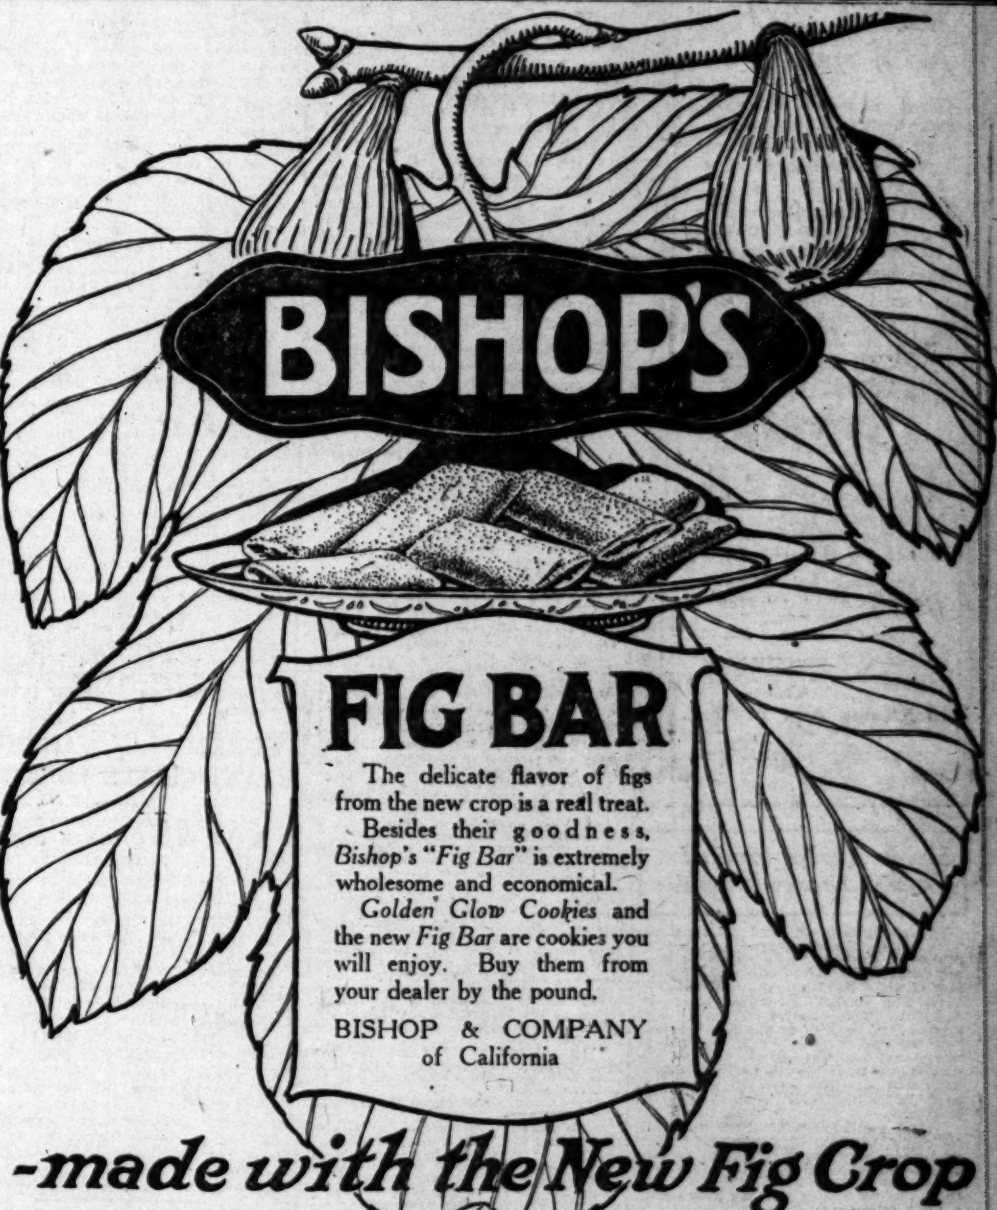

The department also has ruled that the limit of 200 men per senatorial or Congressional district, fixed in the national defense act as the strength of the guard, shall be ignored for the present fiscal year, organization being on the basis of available pay appropriations instead.

INDICT PUBLISHER ON OWNERSHIP CHARGE.

[BY A. P. NIGHT WIRE.]
INDIANAPOLIS, Oct. 27.—Warrant on an indictment, returned by the Federal grand jury, was served on Delavan Smith of the Indianapolis News today. The indictment was returned in connection with the statement of ownership of the Indianapolis News. Mr. Smith gave bond.

It was brought out in settling the estate of the late Charles W. Fairbanks, former Vice-President, it is said that Mr. Fairbanks owned three-fourths of the paper, which fact was not shown in the statement of ownership.

Hill Heirs Lose Tax Fight.
[BY A. P. NIGHT WIRE.]
WASHINGTON, Oct. 27.—Heirs of the late James J. Hill of Minnesota lost their fight against a transfer tax imposed in New Jersey on stock in a domestic corporation valued at \$2,317,000, when the Supreme Court today upheld the ratio provision of the New Jersey inheritance tax law. Action of the assessors was contested as being discrimination between heirs resident and nonresident in New Jersey.

George J. McDonald, principal of the Hope-street school, defending the \$15,000 breach of promise suit of Miss Lillian L. Estes, in a cross-complaint filed yesterday, demanded damages of \$1. He states that he promised to marry Miss Estes upon her alleged representations that she had changed her mind and was in favor of a home and domestic life. When he discovered her alleged "fraud and deceit," he says, the shock caused him mental suffering and irreparably damaged him. He remits and waives all claims for damages except \$1.

EXCEEDS EXPECTATIONS.
Loss on Live Stock Show is Small, Secretary Thomas States.
That the stock show was more successful than the directors had hoped for, was the statement made yesterday by C. R. Thomas, secretary of the Los Angeles Live Stock Show. Mr. Thomas stated that while the association will suffer a small loss, the educational value to the city has been so great that another show next year is assured.

PLAYED WITH MATCHES.
Tot Trying to Light Stove in Game May Die From Burns.
While playing with a box of matches yesterday afternoon, Helen Friedman, 4 years old, set her clothing on fire and sustained severe burns which may result in her death, according to the surgeons at the Receiving Hospital. The quick action of Joseph Seferush, a conductor on the Crown Hill line, saved the child from burning to death.

INDORE MOVEMENT.
Police Relief Association Wins Commission's Commendation.
The Police Commission gave its hearty commendation yesterday to the proposed work of the Los Angeles Police Relief Association. The resolution reads:

RECOGNIZES STRIKER.
Assailant Sought Names of Workers Sent to Shipyard Here.
Evidence obtained by the police yesterday developed the fact that Clyde E. Fawcett, arrested Saturday on charge of assaulting Wilbur Lilla, a longshoreman, employed by the Outer Harbor Dock and Wharf Company, is a bolshavnik on strike at one of the shipyards.

WILL LOSE FOOT.
Andrew Sherman, 18 years old, living at 418 California street, Santa Monica, received injuries to his left foot, late yesterday afternoon, while jumping aboard a moving car, that will necessitate amputation. The youth, who is employed in this city as a machinist, was on his way home when he attempted to board a moving Venice Short Line car. His misadventure was witnessed by a man who knocked him unconscious in the Southern Pacific yards. He was taken to the Receiving Hospital where his foot must be amputated.

SEVERE PLANS PRESENTED.
The City Engineer presented to the City Council yesterday the tentative plans for the proposed Boyle street reconstruction project, extending from Brooklyn avenue to Stephenson avenue. The estimated cost is \$100,000 and the City Engineer states the required assessments will range from \$20 to \$60 per lot. The matter was sent to the Public Works Committee.

ONE EGG A DAY; MEATLESS DAYS.

Mayor will Recommend War-time Diet to H.C.I. Convention at Sacramento

Mayor Snyder, who leaves today for Sacramento to attend a conference of Pacific Coast Mayors on the cost of living problem, said yesterday that if his ideas are adopted prices will tumble inside of six weeks. The Mayor advocates one egg a day, two meatless days a week and a general return to war-time conservation in eating. He said yesterday that he will urge the convention to appeal to Congress for food-conservation measures.

Mayor Snyder will be gone all week. Boyle Workman, president of the Council, will be acting Mayor.

FIXES DATE OF WORLD FLIGHT.

Hawley Announces Air Derby to Start July 4.

All Contestants Must Report at Control Stations.

Los Angeles Makes Bid to be the Pacific Depot.

President Alan R. Hawley of the Aero Club of America announced here last night that in all probability the air derby around the world will be announced as open to starters on July 4 next and the closing date will, it is expected, be January 3, 1921. Between these dates contestants may start their flight around the world from any place they desire, under rules and regulations laid down by the Aero Club of America. One of these rules, it is expected, will be that contestants must report to specified control stations, and it is hoped, by those interested in aviation here, that Los Angeles, on account of its superior flying conditions, will be made a control station, especially for the jumping-off point for the Pacific Ocean flight.

Trail of Blood Shows Guzman Killers Fled Here.

Police Expect More Murders at Trio's Hands.

Swore to Wipe Out Enemies; Escape Southward.

A trail of blood led a heavily armed posse in a man hunt from the hills surrounding San Fernando to the downtown district of Los Angeles last evening in a search for the three men suspected of the murder of Frank Guzman in San Fernando Sunday evening. The three are Mariano Galvin, S. Venegas and Valentino Galvin. They had been working in packing-houses in San Fernando, but were unemployed at the time of the crime, and were known to have had a grudge against Mr. Guzman.

BRINGS ARCTIC GAME FOR COUNTY MUSEUM.

ANGELO HUNTER ESCAPING SAVAGE ALASKA STORMS LANDS AT SEATTLE.

Narrowly escaping from being snowed out in Northern Alaska, Ralph Edmonds, a local big-game hunter, and author of numerous hunting stories, returned to Seattle yesterday, bringing word of the earliest Arctic winter in history, according to a dispatch received here last night. Several snowstorms have abated since, they will perish before all can get to them, he said. Mr. Edmonds, who lives at 1025 South Olive street, in this city, brought with him many specimens of big game for the Museum of Natural History in Exposition Park.

BACK FROM BIG COAST MEETING.

John F. Powers, president
of the Angels, and Ed R.
Maier, president of the Tigers,
who represented the southern
tip of the circuit at the Coast
League meeting in San Francisco,
returned here yesterday.

They report nothing in the
way of trades or purchases.
Aside from the long contest
over the Coast League presi-
dency, which lasted through
one day, there was harmony
in the ranks of the magnates,
and everything points to a
fine season in 1920—the best
in the history of the league.

BOWLING NOTES.

The officials of the Pacific Coast
Bowling Association have definitely
set the date of the first telegraph
tournament, Sunday, November 16,
entries to close November 3.

Secretary Waldo Tunner has given
out the following rules on rule-
one of the rules governing the tour-
nament: "Where a team is short
because of the fact that some of
its members play on two teams
it shall have the right to fill in
with P.C.B.A. members. For in-
stance, Mackenzie and Meador are
members of the Harris & Frank
team in the Southern California
League, also members of the Mac-
kenzie Colts in the major league.
Now if they played on the Macken-
zie team, the Harris & Frank team
would naturally be short two play-
ers and according to my ruling it
will be allowed to fill in with
players that are members of the
P.C.B.A."

This ruling should increase the
number of entries from Los Angeles.
To give an idea of the territory
covered by the P.C.B.A., entries
have been received from Salt Lake
City, Billings, Great Falls and Mis-
soul, Mont. Aberdeen, Wash. also
Seattle, Tacoma, Olympia, Nevada,
Arizona and California.

All games must be bowled on the
date set with the exception of Y.M.
C.A. teams, who have been granted
special dispensation to bowl their
games on Saturday.

Games can be started at any time
during the day, but in all cases must
be finished in time to have a com-
plete report in the telegraph office
not later than 10:30 p.m. Telepho-
nically reports of games must be sent
in twenty minutes after games end,
and such time will be subject to dis-
qualification.

OXY-U.S.C. FOOTBALL DOPE.

Point Story Puts Tigers Behind, but Fight
May Change Situation.

By PAUL LOWRY

What kind of a game will the Ox-
ford football team put up against
the U.S.C. eleven next Saturday on
Bovard Field? The question is puz-
zling intercollegiate gridiron fol-
lowers.

The "dope" makes the Trojans
heavy favorites, as witness the sea-
son's results to date:

Redlands played a 0-0 tie with the
Keel Club team of Long Beach. The
Keel Club defeated Occidental 44 to
0. Pomona vanquished Redlands 14
to 6, and U.S.C. humbled Pomona 6
to 0.

THE POINT STORY.
That puts the Tigers about 87
points to the bad—seemingly. How-
ever, too much reliance cannot be
placed on the point story, for the
Oxy squad that met the Keel Club
was no first-string line-up. Neither
Powers, Smith, Hadden, Fuller, Nor-
ton nor Walker were in the game.
In fact there was a larger representa-
tion of Tiger varsity players on the
U.S.C. bleachers last Saturday than
there was at Long Beach.

Coach "Fox" Stanton of Occidental
will have more real cause to moan
during the ensuing week than did
"Gloomy Gus" Henderson of U.S.C.
preparatory to the contest with Po-
mona.

Most of Henderson's lugubrious
wails were for the purpose of dis-
concerting the enemy's preparation.
He knew that if he could make the
Sagehens overconfident U.S.C. had a
splendid chance for victory.

TIGHTROPE PROBLEM.

Stanton faces a tough problem.
Pettit, his best end, is out for the
rest of the season with a bad heart.
Tobey Hadden, the quarterback, is
rickety, the knee of one side is in
trouble and will be on the sidelines
for at least two weeks.

On top of this the Tiger mentor
is beset with the task of fashioning
a football team out of the poorest
material that has turned out since
he started coaching at the Eagle
Rock institution.

But Oxy can fight. Of that there
is no doubt. Any eleven that can
hold California to a pair of touch-
downs in the second half after it
has had 49 points chafed against it
in the first half is worthy of respect.

JEFFERSON HAS HARD SLEDDING.

Pioneer Football Team Puts
Over Lengthy Score.

Many Penalties Imposed on
L. A. High Warriors.

Young Colton Airily Boots
Seven Straight Goals.

The Los Angeles High footballers
did considerable to Jefferson yester-
day, running up a count of 49 to 0.

The Pioneers scored four touch-
downs in the first half and three in
the second, from all of which Colton
airily kicked goal.

While the score seems large, it
was not what the Los Angeles High
supporters had expected. They an-
ticipated something in the neighbor-
hood of 70 to 100 to 0. Had their
tanbark representatives fumbled less
frequently, displayed more cohesion
as a team and been more inclined
to abide by the rules their ambitions
might have been realized.

MANY PENALTIES.

Penalties for holding robbed the
Blue and White of 2 points that
had already been chalked up on the
score board. Colton booted a place
kick from the 18-yard line in the
first quarter, but Right End Thomp-
son of Los Angeles was detected em-
bracing a Jefferson man around the
line, and the score was not counted.

Fullback Schabaurum on another oc-
casion ran thirty-five yards to a
touchdown, but the piskin was
brought back because a Los Angeles
man was holding in the line.

On other occasions holding pen-
alties removed the sphere from the
shadow of the Jefferson goal posts.
The light and inexperienced lads
Coach Tipton put up a game and
desperate fight. They were trying as
hard at the finish of the game as
they did at the start. Tipton has
worked wonders with a green bunch
in a short time.

The form displayed by the Pion-
eer team yesterday makes its chances
for Coach Tipton put up a game and
desperate fight. They were trying as
hard at the finish of the game as
they did at the start. Tipton has
worked wonders with a green bunch
in a short time.

ONLY SALVATION.

Colton and Sherman are speedy
batsmen for Los Angeles against the
Readers. The Blue and White
boys had difficulty in the first
period, but the paperweight Jefferson
line, Azanah Long Beach's stone
wall it will be a case of butting
against an invulnerable object.

But while Sherman is speedy, he
hasn't the ball like an egg, and a hard
tackle invariably lays the ball from
his grasp. That very thing occurred
in the game with the U.S.C. frosh,
and it occurred again yesterday.

Los Angeles opened the game by
kicking off to Jefferson. The Dem-
onstrators couldn't gain, and lost the
ball on downs on the 20-yard line.
A few changes by the L.A. backs
and the ball rested on the 1-yard

Exciting Moment in Jefferson-L. A. High Football Game.

The Camera Catches Many Faults.
Right-End Mabes has slipped around the Pioneer interference and nailed the Blue and White runner before he got to the line of scrimmage. The play was a delayed pass. The picture shows Left-Half Sherman carrying the ball with all the crudity of a novice—a fault that caused many fumbles on his part during the game. Instead of driving straight into his man, Mabes eases into a high tackle from behind.

SPORTS FLOURISH WITH A.E.F. STARS.

ATHLETIC FIELD AT COBLENZ
ONE OF MOST COMPLETE
AND IN GOOD SHAPE.

(Correspondence Mail.)
COBLENZ (Germany) Oct. 10.—
Elaborate preparations have been
made here for the coming football
season. Grounds and stadiums which
were only partly finished a year ago
have been made permanent playing
fields, and many of them compare
very favorably with the best college
grounds in the United States.

The most elaborately finished
ground is right here in Coblenz,
known as "Carnival Island." It was
on this ground that the Third Army
Special to Los Angeles. You can
consider this an official entry of one
of the three cars. Which one I will
drive will depend upon their condi-
tion when they arrive. Will arrive in
Los Angeles November 1. These cars
are owned and raced by Frank P.
Book, Detroit millionaire.

Klein, who will be the first of the
eastern invaders to come to Los An-
geles for the richest purse ever of-
fered in a motor contest of the dis-
tance, evidently has lost none of his
old-time cunning on the track. He
finished second to Joseph Boyer in
the recent Cincinnati Speedway race,
and ran his average up to the 100-
mile mark.

He is not a newcomer to the Pa-
cific Coast, having raced here in
1912, 1914 and 1915. He was one
of the first of the American speed-
sters to enter the aviation service
and saw long duty in the English
Channel patrol.

When he returned from Europe
he immediately returned to his old
love, motor racing, and was selected
by Book to be his speed star, tak-
ing the place of De Palma, who for
years ran in the Book colors.

Although Klein is the first driver
to get under way, Joseph Boyer is
expected here soon with three Fron-
tenac. The multi-millionaire will
drive one of the cars himself at
Ascut, with Goodson in a second.
The third Frontenac will be hand-
led by Roscoe Series, who is here pre-
paring to compete
